

Clouds - J. Irving

I lie on my back to watch the clouds,
Fluffy, puffy, in the sky.

I lie on my back to watch the clouds
Fluffy, puffy, drifting by.

I lie on my back to watch the clouds,
Could I float away up there?
Up with the fluffy, puffy clouds,
Floating on a cloudy chair?

I lie on my back to watch the clouds,
Shifting, changing, white and grey.
I lie on my back to watch the clouds,
Shifting, changing, drifting away.
