

# WOMBAT – J.Irving

*(Note: there are two versions of “Wombat”, to cater for students with different speech capabilities)*

## Wombat version 1

I’m a wombat on the ground

Near my burrow, I am found.

Ears – small. Body – big.

Like a giant Guinea Pig.

And like Guinea Pigs, I eat

Grass that grows beneath my feet.

But, if food I scent,

I will steal it from your tent!

## Wombat version 2

I’m a little wombat, digging in the ground.

Deep in my burrow, I’ll be found.

My ears are small, but my body’s big.

Just like a giant Guinea Pig.

And, like Guinea Pigs, I eat

The tasty grass growing under my feet.

But if human food I scent,

I’ll come and steal it from your tent!
